

The History of Champagne Laurent-Perrier

Originally founded in 1812, the House of Laurent-Perrier has been defined by its pioneering role in innovating Champagne throughout its history. Internationally recognised as one of the foremost names in Champagne, its success can be attributed to a deliberate policy of challenging conventional techniques, whilst honouring traditional values: a respect for nature and a passion for quality, and strong, lasting relationships. Laurent-Perrier's success must also be attributed to the energy of the de Nonancourt family, headed by the late Bernard de Nonancourt, who assumed control in 1948.

The Laurent-Perrier portfolio consists of eight Champagnes including Grand Siècle, which was originally launched in 1959 and blends three outstanding vintages to enable the creation of the perfect year. In 2018, Laurent-Perrier celebrated half a century of its Cuvée Rosé – the original “modern” rosé Champagne - which was born in 1968 by defying conventions and using innovative wine making techniques.
