HAVE A G&T: Angler

Angler has partnered with No.3 Gin to create a selection of cocktails that will be served on the restaurant's terrace throughout the summer. The exclusive list will include the 'Amarena Sour' (No.3 Gin, ginger bitter, Amarena, mint-infused syrup and lemon juice), 'Sweet No.3' (No.3 Gin, white peach purée, violet liqueur, rosemary syrup and lime juice) and 'The Classic', a No.3 G&T made with Fever Tree Tonic. Following Angler's full reopening earlier this month, head chef Gary Foulkes's menus are available both inside and on the terrace, and include the likes of tartare of Cornish mackerel with oyster cream, green apple and shiso; roast Newlyn cod with new-season morels, line-caught squid and grelot onions; and black forest cake with cherries, chocolate, and cherry blossom.

3 South Place, City, EC2M 2AF; until 31st August
